

Project Presenter: Alden Partridge

Scope: District 57, Java

Data: representative name, political party, counties in charge of, home address, Columbia address, home phone number, Columbia phone number, and committee assignments

Code Organization:

PA1: code reuse from Ryan Capron

PA2: code reuse from Ryan Capron

PA3: Base layer

PA4: Built on layer

PA5: Built on top again

PA6: Updating csv made into own method, fixed an issue with program 4, used Ryan's code to get the information directly from the website

No one that I am aware of used my code.

Experience implementing: some challenge at first, reused code for program 1 and 2 because Ryan's worked better

Experience testing: once the programming was done, testing was pretty easy
